

Morristown Medical Center

ATLANTIC HEALTH SYSTEM

Dear _____,

Thank you for choosing Morristown Medical Center for your upcoming delivery.

Your doctor has ordered a Rhogam injection for you. Prior to the injection you must have your blood drawn at the hospital lab. Please call the Registrar's office in Labor and Delivery to schedule your injection. Rhogam injections are given in Labor and Delivery and appointments are scheduled on Tuesday and Wednesdays between the hours of 7:30am-5:00pm. You can have your blood drawn up to 72 hours prior to your scheduled injection appointment. You can have your blood drawn the same day as your injection if you prefer, however, please allow for 2-3 hours turnaround time from the lab draw to the time of your scheduled appointment. Please let us know when you book your appointment when you would like your lab work drawn –Prior to your appointment day or the same day.

The day of your lab work, please go to Simon 1 Main lobby registration area; register and have your lab work drawn. You don't need an appointment for the lab work to be drawn but you will need to bring the prescription for the Rhogam from your provider.

The Labor and Delivery **scheduling office** is open Monday – Friday from 8am to 4pm. The phone number is 973.971.5732

The **lab** is open Monday – Friday: 6:30am to 7pm No appointment needed
Saturday: 7am – 4pm. No appointment needed.
Sunday – Closed.

Please feel free to contact us should you have any questions. (973)971-5732

Thank you,

Donna T. Poplawski
