

CONGRATULATIONS FROM THE ONE TO ONE FEMALECARE STAFF

You are embarking on a wonderful journey, whether it is your first, second or third pregnancy. Each time is unique and special. Having a baby can have wonderful moments as you witness first hand life transforming inside of you. Having a baby can also be a time of great uncertainty, sleepless nights and you may experience some discomfort along the way.

As the providers of One to One FemaleCare we are available to answer any of your questions and aid you with your concerns. We are here to guide you through this journey and make it as memorable and positive as possible. Please do not hesitate to share the joys and frustrations you experience along the way.

We are a unique practice, comprised of both physicians and a midwife. Be assured we work as a team and as a team there will always be a familiar voice returning your call or familiar face in the office or at the hospital monitoring you and your baby.

At One to One FemaleCare we aim to give you individualized attention with one universal goal in mind.....a pleasant birth experience and a healthy baby. In order for this to be accomplished we work with you and ask that you be an active participant in your health and the well being of your baby.
